

# The London Sash Window Company

## Clapham SW4: family home

This family home in Clapham had original sash window that were fundament sound but very loose fitting, draughty and difficult to operate.

### Procedure: overhaul and draught proofing

We completely renovated all 15 windows in this home with a complete overhaul to ensure better functionality, new sash cords, changing broken glass and repairing rotten areas. All windows were also draught proofed to improve insulation. Security locks complying with insurance company requirements were also fitted.
